Laboratory Association of New Hampshire

Working together to bridge the gaps between environmental industries.

Mission

The Laboratory Association of New Hampshire is dedicated to promoting the advancement of environmental laboratories in New England through:

Providing professional development through educational opportunities, seminars and the distribution of information to its members

Creating a platform for communication among laboratories, regulatory agencies, professional organizations and related businesses

Encouraging quality, accuracy and ethical practices from its members

Protecting the interests of the environmental laboratory community

Member Benefits

- ~Reduced or Free attendance at meetings and seminars.
- ~Networking opportunities with regulatory authorities and industry professionals
- ~Training Sessions with the potential for earning CEUs
- ~Collaboration among members where business needs and experiences can be shared for the betterment of all concerned.
- ~Exposure to a diverse set of expertise and skills from members in a variety of fields.

Executive Board

Chairman: John Lyons
Vice Chairman: Rebecca Labranche
Treasurer: Stephen Knollmeyer
